2) It is however not understandable how a Restaurant building can be ~~in~~ such an appealing necessity as to warrant taking up its construction despite the adamantly low finances of the municipality of the proposal is to protect travellers from sun and rain, ordinary shelters at a small cost may as well be thought of proper shelter, Rest house and a Restaurant are no doubt necessary appurtenances to a modern bus Stand and a municipal Council has to provide them, but this however cannot take precedence over other and more urgent claims of water ~~of~~ the low finances of the municipality militates against the proposal and the Council has nothing to say on this point why the municipality should be so anxious to put through the work as at most door

Sir

With Reference to your letter No. H C 30/52-53 dated 4.8.52 on the above subject I am directed to state that it is seen from the proceedings of the Council meeting that the Municipality had directed the Commr to call for tenders for the construction of the retaining wall in the new Bus stand area in Davangere City and to accept the lowest tender subject to the approval of the Govt. The Commr has called for tenders and has received 3 tenders and the lowest tender is that of Sri Abdul Razack for Rs 32,210-9- which is in excess of the estimate by Rs 3,210-9-. The Commr has requested the Govt to accept the lowest tender and to sanction the excess amount of Rs 3,210-9- over the estimate amount of Rs 36,000/-. The Govt have considered the matter and are pleased to accept the lowest tender of Sri Abdul Razack for Rs 32,210-9- and to sanction the excess amount of Rs 3,210-9- over the estimate amount of Rs 36,000/-.

Sir,

SUBJECT According Administrative Sanction to the Estimate for Rs 36,000/- for constructing a Restaurant Building in the New Bus Stand Area in Davangere City and for according approval of Government to the lowest tender of Sri Abdul Razak received in this behalf for Rs 32,210-9-0

With reference to your letter No L 12227 dated 31st October 1952, on the above subject stating as to why the work under reference should not be taken after the financial condition of the Municipality improves etc, I write to state that the Bus Stand newly constructed which is close to the Bangalore-Dharwar Road having been put into service for the use of the public with effect from 20th June 1952, the need to provide the required amenities to the Travelling Public-by way of providing Shelter, light, water supply etc was urgently as possible was keenly felt by the Municipal Council

With this object in view, a comprehensive estimate for Rs 36,000/- for providing shelter, with a decent Restaurant building was got prepared by the Municipal Engineer and the same was placed for consideration and sanction by the Municipal Council at its meeting held on 21st May 1952 and due sanction of the Council obtained therefor, vide copy of resolution enclosed for favour of reference

The immediate necessity to take up this work on hand has already been explained to Government in this office ~~L 12227 dated 21st October 1952~~ No H C 30/52 53 dated 4th August 1952

(Since the question of providing suitable amenities to the Travelling Public in the Bus Stand area, and to protect them from wind and sun etc by way of affording suitable and adequate ~~xxx~~ conveniences to them as urgently as possible being thought to be of primary importance, and the fact that due provision to meet this item of expenditure had been made in current year's 1952-53 Budget Estimates, under the head D-Public Works, the Municipal Council ventured to take up this work in preference to other works- and to meet the expenditure connected therefor from out of the normal receipts expected to be realised from Mohatarfa, Octroi and other miscellaneous sources of Revenue

Even at present the travelling public who are to travel in Buses are exposed to great hardships for want of proper shelter and amenities

It has therefore been found to be very necessary and urgent to take up the work pertaining to the construction of the Restaurant ~~xx~~ building in Bus Stand Area-in preference to other normal works

With regard to the other point as to how tenders for this work were called for, without obtaining the sanction of Government to the Estimate etc, I write to state that in such cases of urgency and with a view to avoid loss of time in entering into correspondence, tenders in this behalf were simultaneously invited and the tender of Sri C Abdul Razak which was accepted by the Council was recommended for kind approval of Government

In this connection, I may be permitted to state that in such cases of urgency, recommendations made from this office on previous occasions in respect of the following works were kindly approved by Government It is on this analogy, a special recommendation, ~~xxx xx xx~~ had ~~xxx~~ to be made to Government for sanctioning the estimate and the tender received for the work in the present case
